

Users' Review

- 1) The format should include both English and Bangla Interface and the character of Bangla/English should be user friendly
- 2) Income does not show in the individual report
- 3) Area, organizational involvement, age, sex, disability type and income wise report table is not displayed and/or with accuracy. Number of disabled people's wise report is not clear.
- 4) Area should be set upto Upazila level
- 5) 'Affected family for disabled persons' is not needed. But 'Family of Disabled Person' is OK.
- 6) Other reports needs to be linked in exact accuracy
- 7) In the addition part, the area of thana, union and ward are not understood
- 8) Educational degrees are limited to 2 digits. This should be more than 2
- 9) Housing does not include 'self'
- 10) Source drinking water does not include 'tube well'

So, I hope this review is clear to you. What else should you need from us?
